

SAP Document & Reporting Compliance

An SAP solution that meets KSeF requirements

Handling **the National e-Invoicing System (KSeF)** is mandatory - and we help you do it smartly, quickly, and without unnecessary complexity. By implementing SAP DRC for KSeF within the SAP standard, you can be confident that your system will be fully compliant with Polish regulations, and that your invoicing process will run smoothly and without the risk of errors.

Apollogic is a team of specialists combining SAP project experience **with in-depth knowledge of Polish tax regulations**. We deliver a ready-to-use, proven solution - from analysis through go-live to post-implementation support.

Our solution is designed for companies that:

- ✓ use **SAP S/4HANA Private Cloud, SAP S/4HANA Public Cloud, or SAP ECC**,
- ✓ want or need to use the SAP standard,
- ✓ that have already implemented a DRC solution in other countries and **need a local adaptation for Poland**.

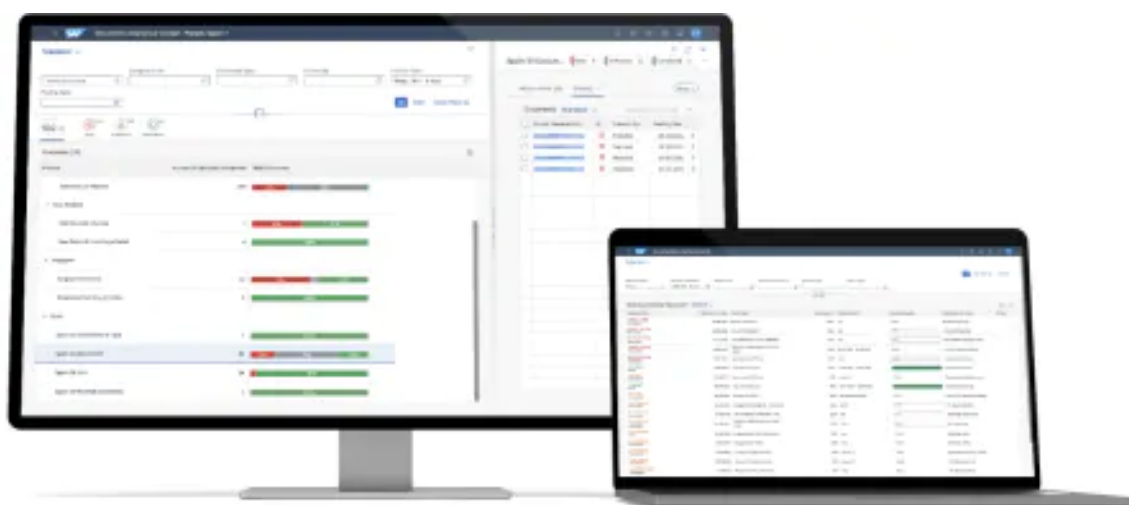

We eliminate the risk of misalignment between headquarters and the local accounting team by leveraging the SAP standard to the fullest - minimizing the need for additional development.

A team composed of a Project Manager, Senior SAP Consultant, developers, and architects with experience in this type of project ensures delivery in line with the agreed timeline and scope.
